Swiss Re Selects McCamish for a Book of Whole Life Business

Atlanta, Georgia, January 16, 2007: McCamish Systems, a premier provider of administration services to the life insurance industry, is pleased to announce today that Swiss Re, the world's leading and most diversified reinsurer, has selected McCamish to provide administration services for a closed book of interest-sensitive whole life business in the United States. The transition activities for this project began in June 2006, and are scheduled to conclude next month.

“McCamish has developed a strong reputation as a quality outsourcer particularly in the complex product area,” said Ken Stewart, Executive Vice President of Swiss Re Life & Health America Inc. “The team here at Swiss Re looks forward to developing our relationship with McCamish.”

“McCamish is delighted to have the privilege of working with one of the most respected financial institutions and leading insurance business aggregators in the world,” said Gordon Beckham, President and Chief Executive Officer of McCamish Systems. “This engagement clearly demonstrates that our value proposition is resonating within the industry and that our focused commitment to product and market diversification is working.”

About Swiss Re

Swiss Re is the world's leading and most diversified global reinsurer. The company operates through offices in over 30 countries. Founded in Zurich, Switzerland, in 1863, Swiss Re offers financial services products that enable risk-taking essential to enterprise and progress. The company's traditional reinsurance products and related services for property and casualty, as well as the life and health business are complemented by insurance-based corporate finance solutions and supplementary services for comprehensive risk management. Swiss Re is rated “AA-” by Standard & Poor's, “Aa2” by Moody's and “A+” by A.M. Best.

About McCamish Systems, L.L.C.

McCamish Systems is a premier, full service provider of BPO services to the Life Insurance Industry. The company supports both traditional and non-traditional life insurance and annuities across a myriad of markets and counts half of the top twenty insurers among its many clients.

~More~

McCamish also offers a uniquely comprehensive, fully integrated, 409A compliant sales support and non-qualified benefit administration solution to institutions with the Retirement Services Industry.

McCamish's intellectual property, including VPAS[®] Life, PMACS[®], Deferral+[®], Advisorfolio[™] and VPAS[®] Benefit Plan Administration, serves as the backbone of the company's services business model and can be customized to suit unique client requirements.

The VPAS[®] Life application supports traditional and non traditional life and annuity products, including specialty products such as private placement and corporate and bank owned products. The PMACS[®] (Producer Management and Compensation System) application streamlines the administration processes related to managing and compensating insurance carrier and investment advisory firm field forces, agencies and brokers. The PMACS[®] application provides stand alone Producer Services or can be integrated with a McCamish life and annuity outsourcing business.

Deferral+[®] and Advisorfolio[™] are web-based sales support platforms that accelerate the design, sale, implementation and communication of executive benefit programs and are fully integrated with the VPAS[®] Benefit Plan Administration system which provides the recordkeeping functionality for these plans.

In addition to BPO services, McCamish deploys its intellectual property through remote processing and license solutions.

McCamish Systems is a privately held company based in Atlanta, Georgia. For more information about McCamish Systems, please contact Barbara Grissom, Steve Talnose or Steve Gondek at 800-366-0819, Excellence@McCamish.com, or visit our web site at www.McCamish.com.
